

TRUSKIN AESTHETIC GROUP PRESENTS

TruSkin EzLight IPL

Advanced Dynamic Pulsed Light Technology

There is a large spectrum of treatment options to target specific skin conditions or “chromophores”. TruSkin IPL is cleared for skin rejuvenation treating multiple skin conditions at the same time like age spots, sun damage, fine lines, enlarged pores, vascular and pigmented lesions and more.

- ✓ Each handpiece warranted for 100,000 pulses
- ✓ Ultra-chilled contact cooling
- ✓ Large spot size (10 x 50mm)
- ✓ Fastest repetition rate (10Hz)
